Professional Summary

Motivated MCA graduate with a strong foundation in full-stack web development and hands-on experience in building dynamic web applications using the MERN stack (MongoDB, Express.js, React, Node.js). Proficient in front-end technologies including HTML, CSS, and JavaScript, with a solid understanding of responsive design and user experience principles. Developed multiple projects, such as an eCommerce platform and a property listing site, demonstrating effective problem-solving skills and the ability to thrive in collaborative environments. Eager to leverage my technical skills and passion for web development in an entry-level developer role.

Technical Skills

- **Front-End:** ReactJS, HTML5, CSS3, JavaScript (ES6+), Bootstrap
- **Back-End:** Node.js, Express.js, MongoDB, Redux
- **Cloud Technologies**: AWS (EC2, S3, RDS, IAM,ELB,ASG)
- **Programming Languages:** Python, Core Java, C, C++, C#, ASP.NET
- **Version Control:** Git, GitHub
- **Tools & Frameworks:** Webpack, NPM, SASS, Visual Studio, Restful APIs, React Router, Mongoose, Express, JWT token

Projects

ProShop

- Developed a comprehensive e-commerce website enabling users to browse products with detailed information, beautiful user interface, securely purchase items via PayPal, and manage their accounts and order history. Built an intuitive admin panel for overseeing orders, users, and products, including functionalities to update order statuses and modify product listings. Utilized technologies such as React.js, Node.js, Express.js, MongoDB, and the PayPal API, strengthening expertise in full-stack development and payment integration.

PropertyPulse

- PropertyPulse is a real estate web app built with Next.js, Node.js, Express, and MongoDB. It allows users to securely log in with Google OAuth 2.0, browse and filter property listings by location and name, view detailed property information with images, and message listers directly. The app features Google Maps integration for accurate location display, bookmarking for favorite properties, and a responsive design for optimal use across all devices.

Certifications

- **MERN Stack Development –** RST Forum
- **Cloud Computing and Distribution Systems –** NPTEL
- **Information Security –** NPTEL
- **The Ultimate React Course 2024** - Udemy

Achievements

Community Volunteer – **Gandhar Events**
Skilled in team collaboration, demonstrating patience, creativity and leadership by coordinating weekly community events. Focusing on the spiritual, social and educational advancement of youth through weekly gatherings

Education

Master in Computer Application (MCA)   2022 - 2024
Late Bhausaheb Hiray S.S. Trust's Institute of Computer Application, Mumbai University

BScIT   2019 – 2022
M.L. Dahanukar college of Commerce, Mumbai University
